**Add all your content**

**Plug and play**

**Easy to manage**

#### **A breeze to deploy**

We ship pre-configured plug and play players that can be installed by anyone, just like a DVD player.

#### **Hardware included**

Our Yodeck Playbox provides great performance at a reasonable price. Get it for free with an annual pricing plan.

#### **Use cable or wireless**

Yodeck supports Ethernet and Wi-Fi networks, incl. proxies, static IPs and more.

#### **Why just a single player?**

Get FREE players for all your screens with an annual pricing plan!

Add all your content

Plug and play

Easy to manage

### **Straightforward dashboard**

Yodeck provides a comprehensive management panel to manage from one to thousands of monitors.

### **Mobile-enabled management**

The management panel supports mobile browsers, so you can make changes easily on the go.

### **Drag-and-drop layout editing**

Create unique display layouts using our show editor, using your uploaded media or ready-to-use widgets.

### **Help is always at hand**

Not sure if you can handle it? Our support team is always there to help you out.

Add all your content

Plug and play

Easy to manage

### **Use and reuse content**

Upload any video or image file type. Use any YouTube video link. Show any web page you want.

### **Security**

Top-grade encryption, firewall and other security features to make sure your screens stay safe.

### **Content Adaptation**

Anything you upload is automatically adapted for perfect playback.

### **Custom Widgets**

Need a custom dynamic price-board, chart, or something else? Upload and use your own widgets. Or use one of ours!
